Swimming Classes Set For 12 Year Olds

A special fall instructional program for children 6 to 12 years old who measure at least 48 inches from toe to chin is being scheduled at the Albany Pool, according to Bert Griffin, Director of Recreation and Physical Education for the Albany City Schools. This program will consist of 10 half-hour sessions, starting the week of September 16 and extending through Nov. 23.

These classes will be held on Monday, Wednesday, Thursday and Friday afternoons, 3:30 to 5:00, and on Saturdays from 12 noon to 3. The children will be assigned for a definite time each week, and this schedule will be available at the time of registration. A master teacher and six teacher aides will be assigned to each class, which will be limited to a registration of 45 children.

Those residing in or out of Albany may register at Albany Pool, Portland & Pomona Aves., according to the following schedule: Albany residents—Sept. 9, 10 and 11—9 a.m. to 12 noon and 1 to 5 p.m. Residents of other communities—Sept. 12, 13 and 14—same hours as above.

The fees, which are \$3.50 for Albany residents and \$4.00 for those from other communities, must be paid at the time of registration, and no refunds will be made. All children must supply their own suits and towels, and all girls must wear bathing caps.

Scots to Gather in Petaluma Sunday

As bagpipers skirt Highland spurs, hundreds of kilts Scots will gather in Petaluma, Sunday, Sept. 2, for the 92nd annual Scottish Gathering and Games of the Calumet Club of San Francisco.

This Is Albany

Fred Lennox and wife Edith will leave early in September on a more or less protracted vacation that will take them all the way to Halifax, Nova Scotia, an old home town for Fred. The popular Albany photographer expects to bring back a flock of beautiful colored films taken on the trip. They will fly to St. John, New Brunswick, where they will hire a car for a leisurely tour.

Councilman William T. Donahue will be absent from the regular Monday night council meetings for the next ten days or two weeks. He is making a trip back to Topeka, Kansas, via Denver, Kansas City and Independence. Said he might see Mr. Truman when he visits the latter town.

Recently resigned school superintendent Paul C. Bryan was scheduled to leave last night by air for New York where he will enplane for Europe and the continent. He was accompanied by his family. On his return from Europe he expects to go into the mortuary business with his son in Fairfield.

Albany Chief of Police Ralph Jensen is now in Washington, D.C., attending the FBI academy there. He will return to his job here early in November after 12 weeks of intensified instruction at the world's most noted police school.

Max Ettingoff, veteran Albany merchant, was back on the job last week after a brief seige at the hospital. He looks a little peaked after the enforced indoor stay, but says he is feeling fine.

Rev. O. R. Janke, pastor of the Grace Lutheran Church, is away this weekend attending the National Visitors' and Fiscal Conference of the Lutheran Church Missouri Synod, in St. Louis, Mo.

Little 10-year-old Jane Robb of 973 Curtis was struck by a car about 7:15 Monday night while crossing the street on an errand to the market. She was painfully but not seriously injured according to police reports, and was taken to Herrick Memorial Hospital for emergency treatment and thence to the Kaiser hospital in Oakland. The driver of the car had to make a wide turn because another car was backing away from the curb, and did not see the little girl.

After a strenuous search for a place to live in Albany, Ken Forry, Albany's new Superintendent of Schools, is now pretty well settled at 1032 Peralta Ave. practically across the street from Mayor Lewis M. Howell.

Massimo Civallo, is back on the job again at his tailor shop, after a vacation at Richardson Springs. He says he is now ready for the "Back to School" work. Civallo was accompanied on the trip by Mrs. Civallo.

Two of Albany's brand new police cars were put out of business temporarily last Saturday when a Berkeley housewife led them a merry chase out San Pablo Avenue and on Highway 40 to within half a mile of the Pinole city limits. Police reported that the pursued car smashed into a bank, and that their cars, following closely, crashed into it. The driver was driving with an expired beginner's permit, police said. The Albany cars were driven by Sgt. Harry Heyden and Patrolman Albert Cranfill. Damage to the police cars amounted to \$57.

The reunion committee of the spring class of 1947 of Albany High School is seeking fourteen members of its graduating class they have been unable to locate. They are: Paul Dubroff, James Gordon, Patricia Hill, Cora Holmes, Ella Johnson, Phyllis Kimman, Evelyn Richardson, Keith Stine, Richard Dodge Jack Adornato, Marjorie Price, Bill Smith, Dorothy Hood and Patricia Myers.

August 31 is the date set for the ten year reunion to be held at the Pioneer Village, 3614 Mount Diablo Blvd., on the tunnel strip in Lafayette. There will be a cocktail hour from 7 to 8 p.m. A filet steak dinner will be served followed by dancing in the ballroom.

The traditional "Welcome Mat" coffee hour for all new mothers of Cornell School will be held the first day of school, Wednesday, Sept. 4. The mother of each new student at Cornell is cordially invited to drop in to the teachers lunch room for a get-acquainted visit from 9 to 1 a.m. or from 12:45 to 1:30 p.m. Members of Cornell P-TA will be present to greet the mothers and to serve coffee, tea, and doughnuts. The purpose of the "Welcome Mat" coffee hour, in keeping with the purpose of all Parent Teacher Association functions, is to help establish a friendly relationship between the school

(Continued on page 10)

Police Forecast Heavy Traffic Over Weekend

The Labor Day weekend will be no holiday for California Highway Patrolmen and local police. They have been alerted to watch for "holiday drivers."

F. Carl Merner, president of the Eastbay Chapter, National Safety Council, said traffic checks will be set up throughout the area to sideline dangerous drivers and unsafe vehicles.

Police will check especially for speeders, drinking drivers and mechanical defects such as faulty brakes, dim or too-bright headlights, to safeguard these and other holiday motorists and their families.

Last Labor Day weekend 438 people were killed in this country, 47 of them right here in California, Merner said. "We're hoping to cut down this tragic toll this year."

Marin School PTA Prepares for Big County Fair Oct. 19

At a recent meeting of Marin School PTA leaders plans were completed for a big "County Fair" to be held on Oct. 19. According to Mrs. Victor Brandt, Carnival Chairman, many families already have volunteered their services.

Among those listed so far are: Mrs. B. M. Eaton, doll clothes (LA. 6-4529); Mrs. Arthur Handies, aprons (LA. 5-1497); Mrs. Ted Latvala, candles (LA. 5-7522); Mrs. Roy Brandreth, centerpieces (LA. 4-6711); Mrs. Charles Hinkley, bean bake and puppets (LA. 6-2123); Mrs. Fred McCollum, poliholders (LA. 6-9746); Mrs. Jerome Blank, white elephants (LA. 5-2240); Mrs. Carl Fosselius, tin-type portraits (LA. 5-8490).

Volunteers for these and many game booths are needed as well as plant cuttings, materials donations and white elephants. If you sew, bake, knit, crochet, make pottery, paint or have any other hobby call any of the above numbers, or LA. 6-0235, or LA. 5-3686.

Albany Receives AAA Award For Traffic Safety

Albany has been presented with an "Excellence of Pedestrian Protection" award from the American Automobile Association for its achievement of no pedestrian deaths in 1956.

The citation was presented to Mayor Lewis M. Howell, by Paul Jackson, a representative of the California State Automobile Association sponsor of the contest in Northern and central California and Nevada. J. E. Lawson, CSAA district manager, was also in attendance at the presentation.

Albany's record of no pedestrian fatality during 1956 reflects credit on the residents of the city, both pedestrians and motorists, the AAA report noted. It was achieved despite the rising traffic exposure for pedestrians as a result of both increase in vehicle use and the number of motor vehicles.

The marked reduction in pedestrian fatalities in the nation over the years is the most encouraging part of the entire traffic accident picture. Pedestrian fatalities in 1956 totaled 7,950, a reduction of 49 per cent from the high point reached in 1937. Pedestrian deaths in California have been reduced from 1,191 in 1937 to 786 in 1956. During this same period, all other traffic fatalities increased 33 per cent.

Fields are won by those who believe in winning.

— T. W. Higginson

Albany Librarian To Head Booth At State Fair

Mrs. Mary Popper, Albany City Librarian, has been honored by the California Library Association by being chosen to preside at the "Public Library Booth" at the State Fair in Sacramento. It is the first time in history that the libraries of the state have been represented at the Fair.

The theme to be stressed at the booth will be "The Expanding Trends in California Libraries." An effort will be made to show the public what the libraries do on behalf of the public in addition to the routine matter of loaning books.

Mrs. Popper is taking the local library's projector to Sacramento and will lecture during the Fair and be prepared to answer questions about the scope and the methods of the State's libraries.

Sather Gate Book Shop, Remington-Rand and Jackson's Furniture have co-operated in furnishing equipment to make the booth a "public library" in typical form.

Graduates of Pre-School Have Party Today

A graduation Party will be held for 25 Graduates of the Albany preschool, 850 Masonic Avenue, at 3:00 o'clock on Friday afternoon, August 30. The children will visit the Albany Firehouse where they will inspect the "red engine". After the supervised tour, they will return to the Preschool, which is sponsored by the Albany Recreation Department, where refreshments will be served. A "Mickey Mouse Theme" will provide a delightful atmosphere for their enjoyment.

Mrs. Nell Curran, director was assisted by Mrs. Arthur Handies and Mrs. Verna Mendonza, Social Chairman, in plans for the occasion.

The "Graduates of 1957" are: Raymie Compton, Murray Christian, Allen Duschka, Mark De La Torre, Byron Green, Ross Gershinson, Azeet Ahmed, Kathy Anderson, Debbie Blank, Judith Hall, Michael Miller, Terry Moore, Jimmy McKenna, Brenda Ramlow, Jon Sargent, David Skinner, Karen Shirley, Carol Shore, Laurie Nicholas, Curt Pihl, Laurie Thoms, Paula Watts, John Wallman, Deborah Wolf and Kenny Olsen.

Kiwanis Club Plans Luncheon Meeting

Louis Stein, prominent Arlington Avenue Pharmacist and Berkeley historian, will address the Kiwanis Club of Albany-North Berkeley at a luncheon meeting August 29 at 12:10 p.m. at the Red Barn Restaurant, 1742 Solano Avenue, Berkeley.

Mr. Stein will give many interesting facts on early day Berkeley and will show slides of Berkeley scenes, long since gone. Robert Zavattaro will be chairman of the day.

Fall Program At Albany Pool

The fall recreational program will open at Albany Pool on Tuesday, Sept. 3. Recreational swimming will be provided on Tuesday, Thursday, and Friday evenings, 7:30 to 9:20 and on Saturday afternoon, 3 to 4:50. No Sundays are included in this fall program; and, as in the past, Thursday evenings are occasions for family swimming, and children and juniors must be accompanied in the water by an adult.

Bathers must supply their own suits and towels, and girls and women must wear bathing caps.

Rotary to Hear United Crusade Plans for Drive

Members of the Albany Rotary Club will hear a talk next Tuesday on the completed plans of United Crusade officials for the coming drive in the East Bay. The speaker will be Noyes Collins of the Albany-Berkeley district of the Crusade. Joe Eyring will be chairman of the day, while Pres. Dick Thomssen will preside. The luncheon, as usual, will be held at Spenger's restaurant on Fourth Street, just north of University Avenue in Berkeley.

Last Tues. George H. Irwin, 26th Past President of the club, gave a verbal report on the Rotary International convention at Lucerne, Switzerland in June, and followed with a series of beautiful colored slides he took along the Rhine, in Switzerland and in Italy.

Registration of All Pleasure Boats Required by Law

Legislation recently enacted by the 1957 State Legislature requiring the registration of boats throughout California with the County Assessors will become effective September 11, Russell C. Horstmann, Alameda County Assessor announced today.

Pursuant to the new state legislation all boats (including sail boats) not covered by U.S. Coast Guard regulations must be registered with the County Assessors and special numbers assigned thereto. All boats now registered with the U.S. Coast Guard are also registered with the County Assessors.

Due to the enormous increase in pleasure boating and the need for better measures many California counties have enacted special boat ordinances which enable the various law enforcement agencies to properly identify boats and outboard motors in case of accident or theft.

County Assessor Russell C. Horstmann says he is prepared to accept boat registration applications at this time by applying at the Assessor's Office in the Alameda County Courthouse, Oakland. Owners registering boats will be assigned a special Alameda County number for each boat with letters classifying the type of boat. Such number shall be prominently displayed on the bow of the boat, in accordance with state law. There is no charge for boat registration.

For further information boat owners can phone the County Assessor's Office, Hightgate 4-0844, Extension 333.

Beginners' Class In Folk Dancing

On Monday, Sept. 16 a new beginner's class will be organized by the Berkeley Folk Dancers. The instructors are to be Arleen and Henry Krentz. A nominal fee will be charged for the course scheduled for 16 weeks.

Speaker to Tell Home Builders Of Safety Plans

"How to Build a House to Outlive the Mortgage" will be the subject of a program to be given by Stanley Wilkins, a well-known local authority on building decay and termites at Cornell School, Solano and Santa Fe Avenues, Albany on Tuesday, Sept. 10, at 8 p.m.

The lecture and demonstration will include pictures of decay damage and real live termites at work is being sponsored by the Albany Democratic Club as a community service to people of the Bay Area. Admission is free and refreshments will be served.

According to Wilkins investigation of homes built since World War II by the F.H.A., the Building Advisory Research Board of the Wood Preservers Institute show that 75 to 90 per cent of such homes have been attacked by decay and have suffered damage by termites and other wood-boring insects. He added that the city of Berkeley Building Department recently estimated that such damage to homes in that city was costing the owners upwards of \$50,000 a month. Wilkins said that he expects to show the people who attend his demonstration that wood structures can be built that will resist such damage at no greater cost than most homes sell for at present.

He also intends to demonstrate how homes already damaged may be reasonably repaired and rebuilt to allay the possibility of further damage from wood-boring pests.

Robert Smith, president of the Albany Democratic Club, said yesterday that he felt Wilkins' lecture was one that every person in Albany and vicinity interested in the welfare of their community should attend. He pointed out that the program was another in the Albany Democratic Club's program featuring vital information for the community. He said they were being presented to show that the Democratic groups in Albany and elsewhere are doing more than anyone else to improve their community and provide real leadership in activities that lead to better living.

Water Carnival On Labor Day

The San Pablo Playground Council is sponsoring, in cooperation with the City of Berkeley Recreation Department, a "WATER CARNIVAL" at Berkeley's Aquatic Park, Monday, Labor Day, Sept. 2, beginning at 11 a.m.

Events include Sail Boat racing by the El Toro International Yacht Racing Assn., as well as a number of other events and display for your enjoyment. So bring that picnic basket and stay all day. There is no admission charge, it's all free.

CITY SEEKS DELAY IN BAN ON BURNING

The Albany City Council, disturbed at the approach of Oct. 1 when burning of rubbish at the dump is scheduled to cease under an edict by the Bay Area Smog Control Board, discussed at length possible solutions to what promises to be a serious problem.

The subject came up when a report on the matter was submitted by Engineer Wayne McAuley. In his report McAuley gave several possible solutions, all of them very costly. He said it might cost the city as much as \$300,000 to solve the problem, with one calling for construction of a \$56,000 levee on the tidelands, and \$17,000 a year cost for filling. The latter plan had the drawback of lacking permanence in the quality of the fill material.

The council finally adopted a resolution requesting the Smog Control Board to grant the city an additional year to endeavor to solve the problem. The resolution also called for distribution of copies of the request to the Board to El Cerrito, Alameda, San Pablo, Richmond, Berkeley, Piedmont, Emeryville, Oakland, San Lorenzo and Hayward, together with a letter to each of the cities suggesting the problem appeared to be beyond the individual scope of a city, but that through discussion a co-operative arrangement might be arranged by which all would benefit.

Superintendent of Recreation and Parks Emmott Devine was heartily praised by the council members for the most successful summer recreation program as the council approved his request to start his three weeks' vacation on Sept. 3.

Vice-Mayor Donahue announced that he would be absent from the city for the next two weeks on vacation in the middle west.

Due to next Monday being Labor Day the Mayor announced the council would hold its regular meeting on Tuesday, Sept. 3, starting at 8 p.m. as usual.

Peter A. Druhe Back From Navy Duty in Arctic

Peter A. Druhe of 934 Polk St., Albany, a member of the crew of the USNS Wabash (T-AOG 4), arrived in San Francisco, Aug. 20 as his ship became the first to return from the Navy's Military Sea Transportation Service 1957 operation of resupplying the Distant Early Warning chain of radar sites (DEW LINE) in the Arctic.

Druhe was aboard the tanker as it fought heavy ice concentrations to deliver 12,000 barrels of petroleum products in the Point Barrow, Alaska and Beaufort Sea Area.

The crew members received "Top of the World Certificates" from Captain Robert Rhoads, Master of the Wabash, signifying that they had taken a part in the vital seafit operation.

Summer School Program to Close

The summer recreational program of the Albany Schools will officially close Saturday, Aug. 31.

The final day will be culminated by a watermelon feed for the children.

Such activities as crafts, music appreciation, story hour, hikes, excursions, swimming parties and game activities have been actively engaged in by many Albany children on the playgrounds this summer. It has been a most enjoyable experience for all, according to Bert Griffin, Director of Physical Education and Recreation for the Albany City Schools.

Vintage Fashions

Vintage Fashion's of 1957 will be the theme of the Fashion Show Luncheon to be given by the Women's Auxiliary of the East Bay Dental Societies, in the Garden Room at the Hotel Claremont, in Berkeley, on Sept. 10 at 12 o'clock noon.

Why just dream about the home you want?

Here's How Payroll Savings Can Make That Dream Come True

If accumulating the down payment has been keeping you from building the house of your dreams, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

All you do is sign a Payroll Savings application at your pay office, naming a certain sum to be set aside for you each week—a few dollars or as much as you want. After that, your saving is done for you—automatically.

And every time there's enough in your account, a U. S. Series E Savings Bond is purchased in your name and given to you. Soon the few dollars saved from your pay each week add up to a generous amount.

So don't get in the dumps about down payments. Meet the cash needs for your dream house the way millions of other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank.

How you can reach your savings goal on the systematic purchase of Savings Bonds

	If you want approximately \$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save . . .	\$8.80	\$17.60	\$44.00
Each week for 19 years and 8 months, save . . .	\$3.75	\$7.50	\$18.75

Part of Every American's Savings Belongs in U. S. Savings Bonds

Important Changes in State Motor Vehicle Regulations Passed by Last Legislature

California motorists gain several safe records, so that they may be important new legal protections entitled to renew their licenses for relative to ownership and safe op-five years instead of for shorter eration of their vehicles under the periods," Mason said. "This is a provisions of scores of bills signed major adaptation of a 'merit' sys-into law by Governor Goodwin J. to driver licensing."

Knight, during and after the 1957 The new license laws will place regular session of the Legislature, first-time licensees on a three-year Paul Mason, Director of Motor term. If they maintain good rec- Vehicles, reviewed major develop- ords their licenses may become ments in Department of Motor Ve- eligible for five-year renewal. If hies responsibilities under amend- their records show two or more ed or added provisions of the traffic violations in the case of op-State's Vehicle Code, most of them erators, or four or more in the effective Sept. 11, 1957. case of chauffeurs, they may re-

"The driver licensing function is ecive renewals for probationary given added effectiveness by new two-year terms-only. Failure to re-statutes that provide incentive to new within 30 days of the expira- all licensed drivers to maintenance date of any license results in

limitation of renewal to the three-year period, similar to an original or first-time license. The commis- sion of any felony in which a motor vehicle is involved is grounds for limiting the renewal to two years.

These terms for drivers licenses are also to be tied in with a new provision establishing the appli- cant's birthday as the expiration date, in the final year of the term of the license. Adjustment of the current four-year term licenses to the new anniversary date will be made as present licensees apply for renewal. Another new provision permits applicants for renewal within the six months' period be- fore expiration date.

"We believe these changes in the law will encourage drivers to be more prompt in renewing licenses as they near expiration," Mason commented. "The birthday anni- versary date will remind every licensee to inspect his license on each birthday, making it easier to remember the legal obligation to keep it valid by timely renewal."

The director cited as another im- provement the new provision re- quiring that operators licenses' be specially endorsed to permit driv- ing of motor vehicles weighing more than 12,000 pounds, or driv- ing any motor vehicle towing an- other vehicle weighing more than 6,000 pounds. Currently the Depart- ment of Motor Vehicles issues li- censes to chauffeurs classified as to type of vehicle to be driven in their employment. The existing law, however, permitted some owner drivers to operate heavy equip- ment without specific testing of

THE PIED PIPER? — No, just the Ole Woodchopper and his clarinet. Although Herman is obviously beseged by some real living dolls (from the chorus line of Hollywood's world-famous Moulin Rouge), he looks undisturbed. That's because Woody and the girls are all coming to Sacramento to partici- pate in the Night Shows at the California State Fair and Ex- position August 28 - September 8. The Moulin Rouge will give two different shows, August 28-30 and August 31 - Sep- tember 2, and Woody will headline the shows September 3-5. The final three nights will be "Stars on Parade", featuring singer Sonny James and other top acts.

ment of Motor Vehicles is now studying means of putting this new provision into operation, but the exact effective date has not been determined.

Motor Vehicle legislation this year made an important acknowl- edgement of the heavier responsi- bility every motorist must carry for meeting the cost of damages in highway accidents, by amend- ing the Financial Responsibility laws. Liability requirements limits are increased from the existing \$5,000 - \$10,000 - \$1,000 mini- mums to \$10,000 - \$20,000 - \$5,000 respectively. These new limits gen- erally become operative on July 1, 1959.

In an entirely different field, un- der supervision of the Registrar of Vehicles, the Director pointed to important advances in automotive industry regulation and control measures. The new auto dealer and wrecker laws, and the vehicle salesman law, widely supported by representatives of the industry, strengthen the protection afforded to purchasers of vehicles against fly-by-night, curbstome, or unethi- cal operators in the field. "The automotive industry's concern re- lative to such activities has been as keen as that of the public," Mason said. "We are confident that the new laws requiring bonding, estab- lishing places of business, and other high standards in these busi- nesses, will have a favorable effect on this very important industry in our State. Licensing of vehicle salesmen, too, will help the indus- try maintain a high standard of personnel which it regards as es- sential."

Mason reminded persons affect- ed by the caravan laws, regulating the movement of vehicles for sale,

that the caravaning provisions of the Vehicle Code have been re- pealed effective Dec. 31, 1957. "These laws are still in effect for the remaining months of this year," he pointed out.

Confidence in another man's vir- tue is no slight evidence of one's own. —Montaigne

"6 minutes on duty...cuts my wife's workday by hours"

San Francisco Mounted Policeman, Julius Long, earns enough in 6 minutes to run a houseful of appliances for 24 hours

Heat, lights and running 28 appli- ances hardly makes a dent in the Long's family budget. Mr. Long figures it takes him just 6 minutes on duty to pay for all this gas and electricity. "At these low prices we can afford to give our appliances a real work-out, and have more time to enjoy things like T.V."

This is another way Californians live better. With gas and elec- tricity so cheap, you can afford to let appliances do more of your housework. For even though the cost of living has doubled in the last 20 years, a unit of P. G. and E. gas and electricity costs you about 1/3 less than it did back in 1936.

Live better—gas and electricity are cheap in California

*look how far
you can dial from
Bay Area cities*

North to Eureka...

South to San Luis Obispo

**NEW, EXPANDED DIALING
FROM THESE CITIES**

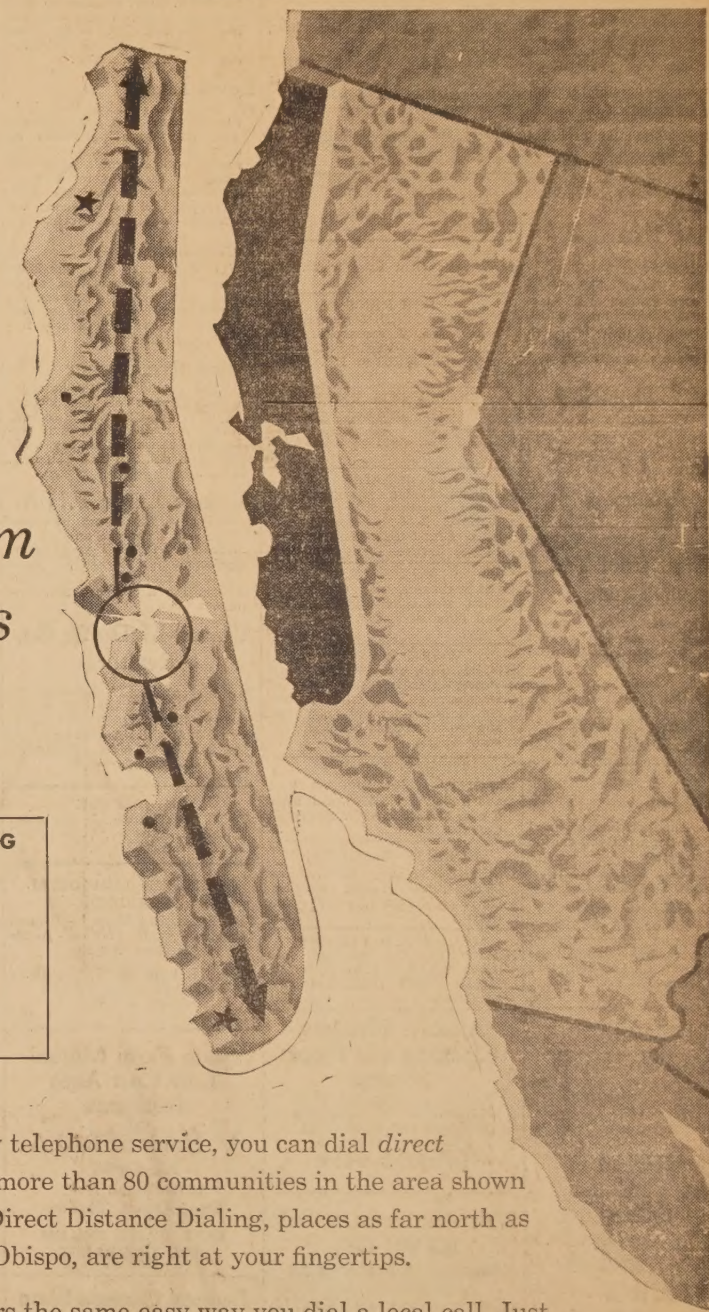

Alameda	Hayward
Albany	Oakland
Berkeley	Piedmont
El Cerrito	Richmond
Emeryville	San Leandro
San Pablo	

Now, if you have one- or two-party telephone service, you can dial *direct* from any city in the box above to more than 80 communities in the area shown on the map. With this *expanded* Direct Distance Dialing, places as far north as Eureka, as far south as San Luis Obispo, are right at your fingertips.

You dial these out-of-town numbers the same easy way you dial a local call. Just remember that the first two letters and the numeral of the prefix determine where your call goes. So be sure you have the right number and then dial carefully.

We've mailed you a leaflet with full facts about your expanded Direct Distance Dialing. It includes a list of the cities you can dial yourself, explains where to get out-of-town numbers, tells you what to do if you reach a wrong number. Keep it handy near your phone so you can refer to it when you dial. If you need more copies, they're available at your telephone business office.

"6 minutes on duty...cuts my wife's workday by hours"

San Francisco Mounted Policeman, Julius Long, earns enough in 6 minutes to run a houseful of appliances for 24 hours

Heat, lights and running 28 appliances hardly makes a dent in the Long's family budget. Mr. Long figures it takes him just 6 minutes on duty to pay for all this gas and electricity. "At these low prices we can afford to give our appliances a real work-out, and have more time to enjoy things like T.V."

This is another way Californians live better. With gas and elec- tricity so cheap, you can afford to let appliances do more of your housework. For even though the cost of living has doubled in the last 20 years, a unit of P. G. and E. gas and electricity costs you about 1/3 less than it did back in 1936.

Live better—gas and electricity are cheap in California
